

WE AIM TO END MELANOMA

AIM AT MELANOMA FOUNDATION

When you or someone you love is diagnosed with melanoma, it may feel like life has changed in an instant. AIM is here for you. Take advantage of all the free, valuable resources we have to offer. The more knowledge you have, the more you will understand your diagnosis, potential treatment options, and goals of your care.

- Our website is the most comprehensive and accurate source for information on melanoma.
- We host numerous virtual patient symposiums at renowned cancer centers across the U.S. every year.
- Our team includes a specialized melanoma physician assistant to answer your questions. Call toll free 877-246-2635. Conversations are 100% confidential.
- Our peer support program, *Peer Connect*, offers newly diagnosed melanoma patients and caregivers the opportunity to connect with others who have "been there" and can share their experiences.
- We provide the latest information about all FDA approved melanoma treatment options.
- We offer a confidential and simple clinical trial matching service.
- We have an extensive video library on topics such as treatment options, side effect management, exercise & diet, clinical trial FAQs, and more.

A photograph of an older woman with short grey hair, smiling and sitting on a couch. She is wearing a blue sweater and has a laptop open on her lap. The background shows a bookshelf and a window.

RECENTLY DIAGNOSED

We provide key information especially helpful for recently diagnosed patients

A close-up photograph of a person's hands typing on a laptop keyboard. The person is wearing a blue shirt and jeans. The background is blurred.

TREATMENT INFORMATION

We explain potential treatment options and clinical trials

A photograph of a woman with dark hair, wearing a brown top, sitting on a white couch. She is using a laptop that is resting on her lap. The background is a plain wall.

SUPPORT 24/7

Our services are available when you need them

AIM at Melanoma is a non-profit 501(c)(3) foundation with a mission focused on raising awareness; providing support for patients, survivors, caregivers, and families; and funding critical research—all to end melanoma in our lifetime.

AIM is dedicated to fighting the world's deadliest skin cancer, melanoma.
