OUR SERVICES & RESOURCES

- Our website is the most comprehensive and accurate source for information on melanoma
- We host numerous patient symposiums at renowned cancer centers across the U.S. every year
- Our team includes a specialized melanoma physician assistant to answer your medical questions
- Our peer support program, Peer Connect, carefully matches newly diagnosed patients with a trained, volunteer peer mentor who has “walked in your shoes” as a melanoma patient
- We provide the latest information about all FDA-approved melanoma treatment options
- We offer a confidential and simple clinical trial matching service
- We have an extensive video library on topics such as treatment options, side effect management, diet, clinical trials, and more
